

A case of arrhythmogenic right ventricular cardiomyopathy in a middle-aged woman	74	Extremely rare case of a rupture of the left sinus of Valsalva aneurysm into the main pulmonary artery	77
A case of cyanotic L-transposition with complete heart block in an adult female who had three in-hospital normal deliveries	247	Genetic interactions between MTHFR (C677T), methionine synthase (A2756G, C2758G) variants with vitamin B12 and folic acid determine susceptibility to premature coronary artery disease in Indian population	156
A single-center prospective study analyzing the cardiac referrals made to a tertiary care center in India	123	Habitual short sleep duration and circulating endothelial progenitor cells	110
Abdominal obesity, an independent cardiovascular risk factor in Indian subcontinent: A clinico epidemiological evidence summary	199	Heart Development and Regeneration	137
Accelerated atherosclerosis in a human immunodeficiency virus infected patient not on highly active anti-retroviral therapy: An autopsy case report	241	Heart rate variability study of childhood anxiety disorders	115
Acute ST-segment elevation myocardial infarction from a centipede bite	244	Infectious endocarditis complicated by an ischemic stroke and revealing Marfan syndrome	127
Ambulatory blood pressure profile and left ventricular geometry in Nigerian hypertensives	164	Infective endocarditis presents as isolated splenomegaly	71
An overview of lymphatic vessels and their emerging role in cardiovascular disease	141	Inflammation and diabetic retinal microvascular complications	96
Association of statin therapy with blood pressure control in hypertensive hypercholesterolemic outpatients in clinical practice	44	Journal of Cardiovascular Disease Research celebrates its anniversary	1
Cardio-pulmonary fitness test by ultra-short heart rate variability	233	Left ventricular structure and function in prediabetic adults: Relationship with insulin resistance	23
Citing JCDR articles: An insight	192	Mesenchymal stromal cells for cardiovascular disease	3
Clinical efficacy of percutaneous renal revascularization with stent placement in hypertension among patients with atherosclerotic renovascular diseases	36	<i>Mycobacterium abscessus</i> bacteremia in an immunocompetent patient following a coronary artery bypass graft	80
Comparison of left ventricular mass in normotensive type 2 diabetes mellitus patients with that in the nondiabetic population	50	Night-time exogenous melatonin administration may be a beneficial treatment for sleeping disorders in beta blocker patients	153
Diastolic dysfunction in asymptomatic type 2 diabetes mellitus with normal systolic function	213	Obesity measures, metabolic profiles, blood pressure and intake of dietary fatty acids in rural women of Asian Indian origin: Santiniketan women study	61
Editorial preface to the fourth issue of 2011	197	P2Y receptors as regulators of lung endothelial barrier integrity	14
Editorial preface to the second issue of 2011	89	Plasma asymmetric dimethylarginine and L-arginine levels in Chinese patients with essential hypertension without coronary artery disease	177
Effect of yogic bellows on cardiovascular autonomic reactivity	223	Preface to the <i>Journal of Cardiovascular Disease Research</i> , third issue 2011	139
Effects of right ventricular septal versus apical pacing on plasma natriuretic peptide levels	104	Prevalence of hypertension in school going children of Surat city, Western India	228
Eustachian valve endocarditis: Rare case reports and review of literature	181	Recurrent strokes under anticoagulation therapy: Sticky platelet syndrome combined with a patent foramen ovale	68
Evaluating the role of connexin43 in congenital heart disease: Screening for mutations in patients with outflow tract anomalies and the analysis of knock-in mouse models	206	Reduced nitrate level in individuals with hypertension and diabetes	172
Evaluation of correlation between oxidative stress and abnormal lipid profile in coronary artery disease	57	Relationship between <i>ApoE</i> gene polymorphism and coronary heart disease in Gaza Strip	29
Evaluation of the autologous bone marrow mononuclear therapy and functional restoration in the scarred myocardium by imaging analysis	133	Single dominant left coronary artery: An autopsy case report with review of literature	130
Evaluation of the patients with syncope during the first month after coronary artery bypass graft	186	The role of endogenous aryl hydrocarbon receptor signaling in cardiovascular physiology	91
		Thymectomy through lateralized partial sternotomy	190
		Truncus arteriosus: A major cause of proteinuria in children	237
