Zahid M, Arora S. Reverse Wenckebach "pseudo-supernormal" conduction or paroxysmal atrioventricular block	225		
Zamirian M, Sarmadi T, Aghasadeghi K, Kazemi MS. Liver cirrhosis prevents atrial fibrillation: A reality or just an illusion?	109		

Title Index, 2012

A brief review of biomarkers for preventing and treating cardiovascular diseases	251	defect three weeks after coronary angioplasty	155
A case of double right coronary artery with bifurcation stenosis in association with complete heart block	242	Editorial preface to the first issue of 2012	1
A patient of Ebstein's anomaly associated with biventricular noncompaction presented with Wolf Parkinson White syndrome - A rare presentation	323	Effect of endurance and strength exercise on release of brain natriuretic peptide	22
A tetrad of bicuspid aortic valve association: A single-stage repair	143	Effect of monosodium glutamate on lipid peroxidation and certain antioxidant enzymes in cardiac tissue of alcoholic adult male mice	12
ABO-Rh blood groups distribution in cardiac syndrome X patients	197	Estimation of the regional burden of non-communicable diseases due to obesity and overweight in Markazi province, Iran, 2006-2007	26
Acute superior vena cava obstruction due to tight pericardial closure following congenital defect repair	135	Evaluation of the effects of glimepiride (Amaryl) and repaglinide (novoNorm) on atherosclerosis progression in high cholesterol-fed male rabbits	5
Acute thrombosis of mechanical bi-leaflet aortic valve prosthesis	228		
Aged garlic extract and coenzyme Q10 have favorable effect on inflammatory markers and coronary atherosclerosis progression: A randomized clinical trial	185	Family history of type 2 diabetes and prevalence of metabolic syndrome in adult Asian Indians	104
An alternative subcoronary implantation technique decreases the risk of complete heart block after stentless aortic valve replacement	46	Fatal thrombocytopenia associated with intracardiac mass	65
Apoptosis of endothelial progenitor cells in a metabolic syndrome experimental model	296	Fatal thrombocytopenia: A rare case with possible explanation	147
Assessment of the effect of periodontal treatment in patients with coronary artery disease : A pilot survey	124	Frequency of <i>Helicobacter pylori</i> and cytotoxine associated gene A antibodies in patients with cardiac syndrome X	19
Athero-protective actions of two oral antidiabetic drugs: Suppression of inflammation and oxidative stress	3		
Atherosclerosis and myocardial bridging: Not a benign combination. An autopsy case report	176	Genotype-phenotype analysis of three Chinese families with Jervell and Lange-Nielsen syndrome	67
Atherosclerosis in coronary artery and aorta in a semi-urban population by applying modified American Heart Association classification of atherosclerosis: An autopsy study	265		
		Hemodynamic effect of atrioventricular and interventricular dyssynchrony in patients with biventricular pacing: Implications for the pacemaker syndrome	200
Behavioral risk factors of coronary artery disease: A paired matched case control study	212	High prevalence of cardiovascular diseases among other medically compromised conditions in dental patients: A retrospective study	113
Bone marrow transplantation may augment cardiac systolic function in patients with a reduced left ventricular ejection fraction	310		
		Impact of urbanization and gender on frequency of metabolic syndrome among native Abuja settlers in Nigeria	191
Cardiorenal syndrome: Resistant to diuretics, sensitive to ultrafiltration	173	Inferior myocardial infarction secondary to aortic dissection associated with bicuspid aortic valve	138
Chest pain with ST-T changes on electrocardiogram and localized stenosis on coronary angiography could be a coronary vasospasm	165	Is hypomagnesaemia a coronary risk factor among Indians with coronary artery disease?	280
Coexistence of Cor triatriatum sinistrum and a prominent Eustachian valve mimicking a Cor triatriatum dextrum	170		
Comparison of microalbuminuria with hs-CRP and low density lipoprotein levels in nondiabetic, nonhypertensive myocardial infarction patients	287	Kawasaki's disease: An unusual presentation	240
Coronary artery bypass grafting in a patient with gout arthritis	52		
Cortisol dynamics are associated with electrocardiographic abnormalities following the aneurysmal subarachnoid hemorrhage	315	Liver cirrhosis prevents atrial fibrillation: A reality or just an illusion?	109
		Lutembacher's syndrome	179
Device closure of post-myocardial infarction ventricular septal			
		Malignant anomalous right coronary artery detected by multidetector row computed tomography coronary angiography	40
		Mean platelet volume and other platelet volume indices in patients with stable coronary artery disease and acute myocardial infarction: A case control study	272
		Measurement of intima media thickness of carotid artery by B-mode ultrasound in healthy people of India and Bangladesh, and relation of age and sex with carotid artery intima media thickness:	

Title Index

An observational study	128	Screening for risk of cardiovascular disease among officer grade bank employees of Gulbarga city	218
Molecular diagnosis of generalized arterial calcification of infancy (GACI)	150	Slow ventricular response atrial fibrillation related to mad honey poisoning	245
Pheochromocytoma with inferior vena cava thrombosis: An unusual association	160	ST segment elevation myocardial infarction as a presenting feature of thrombotic thrombocytopenic purpura	167
Pheochromocytoma with renal artery stenosis: A case-based review of literature	36	Subaortic membrane with rupture of sinus of Valsalva presented with infective endocarditis and its thromboembolic complications	43
Plasma homocysteine level and its genotypes as a risk factor for coronary artery disease in patients undergoing coronary angiography	276	Surface fragmented QRS in a patient with hypertrophic cardiomyopathy and malignant arrhythmias: Is there an association?	32
Preface to the <i>Journal of Cardiovascular Disease Research</i> , second issue 2012	61		
Preface to the <i>Journal of Cardiovascular Disease Research</i> , third issue 2012	183	The prevalence of hypertension and hypertension risk factors in a rural Indian community: A prospective door-to-door study	117
Prevalence and risk factors for metabolic syndrome in Asian Indians: A community study from urban Eastern India	204	Trends in the management of atrial fibrillation: A neurologist's perspective	255
Pulmonary endarteritis, cerebral abscesses, and a single ventricle: An uncommon combination	236	Tumor necrosis factor-alpha G-308 A polymorphism and risk of coronary heart disease and myocardial infarction: A case-control study and meta-analysis	84
QT Interval prolongation and dispersion: Epidemiology and clinical correlates in subjects with newly diagnosed systemic hypertension in Nigeria	290	Typical coronary artery aneurysm exactly within drug-eluting stent implantation region in a patient with rheumatoid arthritis	329
Rare variant of mixed total anomalous pulmonary venous connection	248	Variability in cardiovascular functions and baroflex sensitivity following inhalation of petroleum hydrocarbons	99
Reducing the burden of cardiovascular diseases: A qualitative assessment of Louisiana health disparities collaboratives	305	Various coronary artery complications of Kawasaki disease: Series of 5 cases and review of literature	231
Reverse Wenckebach "pseudo-supernormal" conduction or paroxysmal atrioventricular block	225	Vascular purpura revealing a severe dilated cardiomyopathy with left ventricular apical thrombus	326
Rhabdomyolysis caused by an unusual interaction between azithromycin and simvastatin	319		
Risk factors of cardiovascular disease among children with chronic kidney disease in Gaza strip	91	Wall shear stress and local plaque development in stenosed carotid arteries of hypercholesterolemic minipigs	76
Ruptured right sinus of Valsalva into main pulmonary artery	132
